Hopes bouyed

Sewage and police issues

Dysart et al Council's two fold trip to Toronto Monday didn't come up with any concrete decisions but Reeve Murray Fearrey's hopes were bouyed on the police protection and sewage issues.

On the sewage issue, Reeve Fearrey said that the problem in having the second stage of the project completed is purely financial on the part of the Ministry of Environment.

He pointed out that the delegation received some assurance from the ministry though

that they would go back and see what can be done in the trouble areas, such as the problem of sewage at Haliburton Highlands Secondary School.

Reeve Fearrey pointed out that the Ministry assured them that more study would be done to assess the cost of helping out in the trouble areas.

He said that the ministry will attempt to get more money to help out.

In the meeting with Solicitor General John McBeth over the policing situation in Haliburton Village, Reeve Fearrey said that

Mr. McBeth was receptive to the problem.

Reeve Fearrey noted that Mr. McBeth was in no position to make a decision on the problem at

the time but assured the council that a study would be done to assess the situation. The study will be done as soon as a man is available, Reeve Fearrey noted.

Outreach office opens officially

The Manpower Outreach centre which was officially opened on Friday evening in Haliburton, is

precisely what the name implies, a method of reaching out to people who require Manpower assistance in Haliburton County.

The venture is unique in Southern Ontario, in that it is jointly supported by both Canada Manpower and the Unemployment Insurance Commission, Bill Scott, MP Victoria-Haliburton said Friday.

Jayne Northgrave, counsellor co-ordinator of the Haliburton outreach office, explained that the advantage of having both agencies working together was the emphasis that could then be placed on helping those who are receiving U.I.C. benefits to find suitable jobs or hear of retraining programs.

Statistics will show whether the Haliburton Outreach office will become a full branch of Manpower, or remain only as an information centre for the Peterborough branch, Mrs. Northgrave said.

At present, all information on both U.I.C. and Manpower is available in Haliburton, over LaRue Motors, thus saving many county residents a trip of at least 60 miles to Peterborough when any business of this nature needs attention.

The office is already busy, having been operating since early December. There have been about 150 U.I.C. forms processed here as well as 200 Manpower registrations and nine of 10 employers listed.

The office will act as a liaison between employer and those looking for a job, as well as a liaison between Haliburton and Peterborough. Manpower hopes to make the process of hiring more simple and more efficient, my interviewing clients and sending suitable referrals.

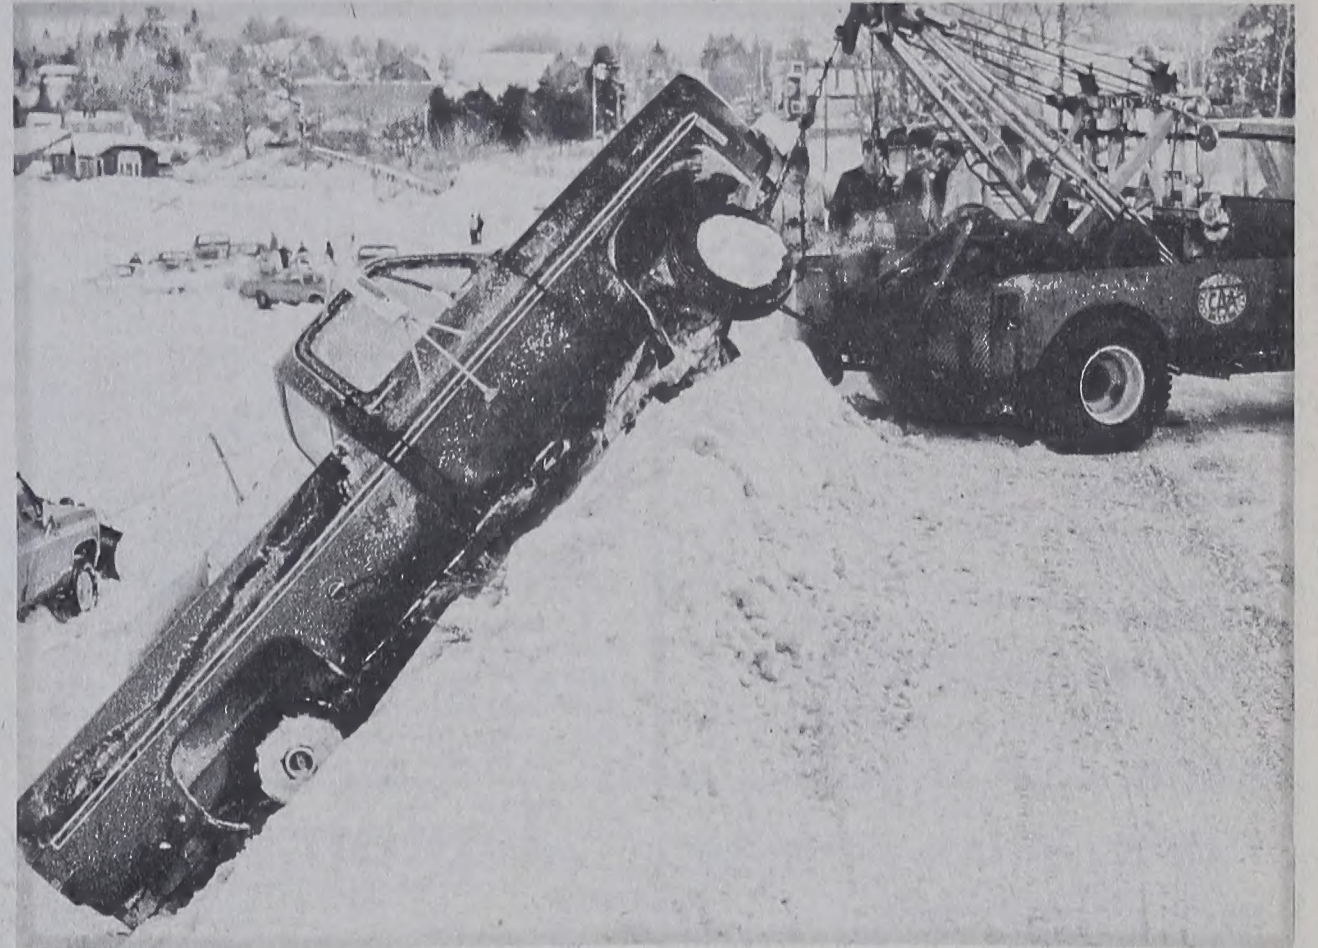

In addition to meeting with employers and with others by appointment, Mrs. Northgrave has three itinerant offices, as in Wilberforce Tuesdays from 10:00 a.m. until noon, in Stanhope at the same time Wednesdays and in Minden Thursdays.

A Creative Job Search program will be given at Haliburton Highlands Secondary School, as Manpower intends to work with students as well as adults.

Among those responsible for the establishment of the Manpower/U.I.C. Outreach office are Don Wells, manager of the Peterborough U.I.C., Dick Kenzie manager of Canada Manpower in Peterborough, Ann McCullough and Vance Gerrett from district offices in Barrie, Jerry O'Neill, Len Burt and Chris Borriess.

Locally, Bob Stinson, secretary manager of the Haliburton Highlands Chamber of Commerce and John Hogg, one of its directors, put a great deal of work into the establishment of the office. The Chamber of Commerce is presently acting as the sponsor of the Outreach office, until such time as, if the office is proving itself to be a benefit to the community, the Outreach project becomes a full fledged branch.

The office is manned by Jayne Northgrave and Cathy Carroll, assistant counsellor, both from Minden.

Daniel L. Csanig, of RR 1 Haliburton, escaped injury when the truck he was driving went off the road and down the hill on Highway 121, just west of Haliburton's downtown. There was only \$300 damage to the truck. The Minden detachment of

the Ontario Provincial Police report that the accident took place at 3 a.m., Jan. 19. The police state that the truck spun around and went down the embankment on the north side of the road. The truck was pulled out later that morning.

Stanhope wants signs posted on Highway

Stanhope council on Jan. 19 requested the Haliburton County Council to demand that the Ministry of Transportation and Communications erect signs at the junction of Highway 11 and the Vankoughnet Road directing travellers to Haliburton County.

In a resolution passed by Stanhope at their Dec. 8 meeting, it was decided that the County Council should be asked to act on the matter that Stanhope council has been unable to settle through regular channels of dealing with the Ministry.

Stanhope Reeve Sinclair Nesbitt told County Council that his municipality was at a loss, that his council had written countless times with no results, were upset about the lack of any sign on Highway 11 and felt that all councils in Haliburton County should also be concerned.

Support resolution

The Haliburton County Council on Jan. 19 laid aside a resolution supported by the Haliburton County Board of Education and formulated by the Hastings-Prince Edward County Roman Catholic School Board that took a stand "against the spread of pornographic literature on our bookshelves."

The resolution of the Hastings-Prince Edward Board was addressed to the Attorney General, Roy McMurtry, with the request that he take some action against the circulation of pornographic books.

Jerry Howarth, representative for the Improvement District of Bicroft noted that he had been at a meeting last year where the problem had been raised, had the result of that meeting was that the term pornographic needed to be defined. He suggested that the problem of that definition be left to Mr. McMurtry.

The County Council voted to lay the resolution aside, with one dissenting vote registered by Stanhope Reeve Sinclair Nesbitt.

The sign at the junction of the Vankoughnet Road and highway, now reads only Muskoka Road 4. There is no indication at that interchange that the road leads to Haliburton County, meeting highway 35 at Carnarvon.

Mr. Nesbitt asked for and

received a resolution from County Council that will request that John Eakins, MPP Victoria, Haliburton be asked to go directly to the Minister of Transportation and Communications, James Snow to see that something is done.

Iris Eakins and her husband John, MPP Victoria-Haliburton, spent part of Saturday afternoon at Sir Sam's Ski Area, Eagle Lake. Though not skiers themselves, they were given a ride on the chair lift to the top of the hill to see the view. It was a sunny but chilly ride, and the Eakins seemed to think it was worth it as they arrived at the top. The view alone makes Sir Sam's one of the most attractive ski areas in southern Ontario.

Haliburton Atoms

Royal York and Minden take crowns

The Royal York Atoms, from the Toronto area, recorded two shut-outs and only had three goals scored against them in 4 games to win the grand championship in the Lake Kashagawigamog Tournament.

In the grand consolation championship the Minden Atoms, after losing a 5-1 opening game to Oak Ridges went on to win the next three, the last a 1-0 shut-out to come out on top.

Royal York took the grand championship 5-2 over Oak Ridges after squeaking an overtime win 2-1 over

Mississauga in the A championship. Oak Ridges got to the finals by downing a tough Bancroft team 2-1 in the B championship.

Minden downed Georgetown to win the grand consolation championship after walking away with a game in the B consolation championship over Markham.

Georgetown got to the final game by downing Huntsville 3-2 in the A consolation championship.

For more details on the atom tournament see pages 6 and 7 of this week's Echo.

Minden Atoms

Warden can cancel meetings

A resolution passed after some discussion at County Council on Jan. 19 will permit the Warden to cancel any meetings of the full council that he and the clerk deem unnecessary.

The final motion was the result of a suggestion put forward by the council's steering committee, headed by past warden Jerry Howarth.

Mr. Howarth told the meeting that there are some months of the year when it is foolish to call together the 20 people who sit on the council, with mileage and a full day's pay for what can be done in an hour. He noted that the council's committees are running efficiently, making some meetings of the full council unnecessary, especially in a month such as February.

Stanhope Reeve Sinclair Nesbitt objected that he felt the resolution put a load on the Warden that wasn't proper. He said that the steering committee was suggesting "leaving the committees to run county business, which is not what they were set up to do. They were intended to bring their reports to the whole council."

He said that he didn't want to vote against the resolution, because it was money saving, but didn't want "to see the committees take over."

The matter was finally settled with the understanding that the Warden, who knows how much work there is to be done by the council each month, will not lose control of when meetings are to be held.

The regular day for County Council meetings will not change, but is still to be held on the third Wednesday of each month, unless cancelled by the Warden.

Change road signs

By the end of September, 1977, all road signs must be changed to metric, to read in kilometres instead of miles, County Road Superintendent Bill Obee reported to County Council last week.

The Ministry of Transportation and Communications is not going to subsidize what will be an expensive change-over, Mr. Obee said, that was ordered by the Metric Committee of the Federal Government, Mr. Obee said.

The change is to start on the first of September, 1977, and be completed by the end of that month. All distance and speed signs are to be converted with an overlay being produced by the sign companies.

Mr. Obee asked that all municipalities complete a survey by March 1 of the signs within their jurisdiction that will need changing, so that an order can be placed for all municipalities at once. A better cost will be obtained for a greater volume.

George and Edna Tipton do not have that many blooms to tend at the moment, but they do have Haliburton's only year round green house that seems nearly alive with green and growing plants. Within six week's time, they expect to have roses blooming, a remarkable thought for the middle of January. In the foreground of this photo can be seen their passion flower from Hawaii that will soon produce a glorious blossom that will last one day.

Tipton's green winter

by Susan McLaughlin

While most of us at this time of year have nothing to look at but snow and bare branches, George and Edna Tipton of West Guilford have a house and green house full of living, growing flowering plants.

Meeting the Tiptons and their household on a wintery day gives the impression of suddenly having moved to warmer climates Mrs. Tipton can laugh proudly about her orange tree and say that while Florida lost their orange crop, she still has hers.

The plants, the Tiptons say, must be treated like children. They must be given lots of fresh air but no draft, they must be given immediate attention for all their needs.

Gardening never stops, Mr. Tipton warns, and obviously, for the Tipton's it doesn't.

The couple moved from Bradford into their present home just north of West Guilford in August of 1976. They have constructed a green house to accommodate their very well cared for family of plants, thus becoming the only people in the area to have a green house that operates year round.

The list of what they grow from cuttings and from seeds ordered often from England and at times from Japan, contains both familiar and rare varieties of

green and growing things, with names that make each type of plant a unique individual, with his own special character. The plants under the Tipton's care, are very much alive.

The Tipton's grow bird's nest, Mother-in-law's tongue, castor beans that will develop a large tropical foliage, roses that will bloom in the next six weeks, a flowering black grape, glorioia, spring or green onions that are nearly ready to eat, dusty miller, angel's trumpet, fresia, Mont Bresia, a flowering maple, English stocks, white shamrock, hyacinths that have just finished blooming, carnations and geraniums that still are, marigolds, catails, cucumbers, violets and among the rest, a passion plant from Hawaii that will bloom beautifully for only one day of the year.

Plants also lie hidden outside, under the drifts of snow. In an effort to establish a garden that will approach what they had to leave behind in Bradford, the Tiptons have already planted perennials that will grow up with the first sign of spring.

Anyone who has ever had a difficult time considering plants to be alive enough to require talking to need only meet the Tipton household. Care of the lively encouraged is certainly a full time hobby, since, as children do, plants often require middle of the night attention, especially once they have been put outside first thing in the spring and run the risk of frost, or need the fire in their green house stoked during some of the cold weather that has been circulating of late.

The Tiptons have no complaints with the length of the Haliburton growing season, although they have been told time and time again that one cannot do anything with plants in this area. The thing is, Mr. Tipton says, to make the growing season longer yourself, with cold frames for young plants and careful covering with plastic on cold nights. Even in Bradford, the Tiptons were the first to have fresh vegetables each year, since they planted in April when everyone else waited, as the common rule goes, until May 24 when the last frost is to have come and gone.

The Tiptons are a generous and interesting couple who are willing to share what they know about plants with anyone else who may be interested and who would

also have their own plant wisdom to impart. Mrs. Tipton said that she was particularly wanting to see younger people take up an interest in gardening.

Gardening, as the Tiptons do is certainly a going, or growing concern. The warmth of their home and interest in their green and living things puts a bit of summer into the frostiest of January Haliburton air.

Under the direction of Jean McKen, members of the Haliburton Highlands Secondary School Senior Band are not only practising, they are organizing a drive for funds to purchase band blazers and raise

money for exchange trips and music scholarships. Their drive begins today and will last two weeks. The students are hoping for the support of the community in raising a minimum of \$1500 for the blazers.

Drive being held to support HHSS band

A drive is on, beginning today, in support of the Haliburton Highlands Secondary School Senior Band.

For the next two weeks, students from the band, about 40 members in all, will be selling a bit of sunshine, crated into boxes of oranges

and grapefruit and Texas, in order to raise money for band blazers, music scholarships and an exchange visit with other schools.

The uniforms are expected to cost about \$15,000, but as band director, Jean McKen noted, the students hope to

raise more than that to cover other special projects.

The band brings in funds through its two concerts each year, but the special drive for the extra money is well worth supporting.

A band from Haverhill, Girl's College in Toronto will

Two named to county land division committee

Robert J. Bishop, representative of Dysart et al and Harry Campbell representing Anson, Hinton and Minden were named on Jan. 19 to the Haliburton County Council's Land Division Committee.

Clifford Stoughton, whose term as a representative for Glamorgan on the Land Division Committee expired with the end of 1976, was not reappointed.

The County's Land Division Committee must give its consent to any severance that is applied for in the

County. Severances must also be approved by the Ministry of Housing and the municipality involved, as well as by the county or provincial road authorities if the property borders on their allowances.

Stanhope reeve Sinclair Nesbitt asked county council for clarification of the procedure used by the Land Division Committee when one member of the committee is connected with the land division in some manner and an issue comes before the committee that has to do with that member's area.

County Clerk Wynn LeHay explained that where one member has interest he must declare interest and leave the meeting.

In Hospital

In the Hospital this week are Mrs. Mary Gibson, Mrs. Fay Robichaud and baby girl, Mr. Tom Mungham, Mr. Otto Homestead, Mr. William Munroe, Mrs. Violet Andrus and Mrs. Evelyn Stevenson.

Christine Roberts, 40, of Haliburton, received a broken arm and facial lacerations as a result of a two car accident Friday at 6:15 p.m. on Highway 519 in Gelert.

She was a passenger in a car driven by Fred H. Roberts, 39 also of Haliburton.

The second car in the crash was driven by Michael McElwain, 22 of RR 1 Minden.

Mr. Roberts was taken to Haliburton Hospital with what the police describe as

minimal injuries.

There was \$1,000 damage to the Roberts vehicle and \$1,500 damage to the car driven by McElwain.

McElwain has been charged with failing to yield. A single vehicle accident on Harburn Road Friday evening resulted in \$600 damage to a van driven by Frank Corrick, 49 of Scarborough.

The accident took place at 7:15 p.m.

The vehicle was south-bound on the road when it went out of control and flipped on its left side, the OPP report.

An accident involving two vehicles, one a parked pick-up truck resulted in \$50 damage to one and \$500 to the other.

The Minden detachment of the OPP report that a car driven by Garnet Holland, 67 of RR 2 Haliburton, struck a truck which is

owned by Keith Prior, of Haliburton. There was \$500 damage to the truck.

Holland has been charged

with making a turn not in safety. The accident took place Friday on Highway 121 west of Haliburton.

Suspended sentence

Ronald Shane Sisson of West Guilford, charged with the theft on September 16 of 1976 of approximately \$2,800 from Andrew Sisson, was given a suspended sentence at the provincial court in Minden on Jan. 18

with a two year probation stipulating that he is to keep the peace.

Sisson, 18, pleaded guilty to the charge on Nov. 23 but reappeared in court for a presentence report last week.

Back injuries

Two Toronto persons received back injuries in a snowmobile accident at 5:30 p.m. Sunday on Horseshoe Lake near Minden.

Bruce Godward, 20 of 7 Eberingham Court, Willowdale and Robin Richardson 16, of Burbank Dr. Willowdale were taken to Minden Hospital first, then to Ross Memorial Hospital in Lindsay and later to North York General Hospital.

The accident was reported to the Ontario Provincial Police, Minden detachment about 7:45 p.m. Sunday night.

These are some of the people involved with the opening of the Canada Manpower Outreach Office in Haliburton, who were present last Friday evening when the opening was officially recognized. The office has been doing a booming business since early December, under the competent management of Cathy Carroll, assistant counsellor who has been taking care of Unemployment Insurance benefits and Jayne Northgrave, seated centre, who is the

counsellor co-ordinator of the Manpower Outreach program. Ann McCullough, from the district office in Barrie, is front right. In the back row are Warden Robert Vick, Don Wells, manager of the U.I.C. in Peterborough, Bill Scott, MP Victoria Haliburton, Vance Gerrett, Bob Stinson, manager of the Haliburton Highlands Chamber of Commerce that is sponsoring the office and Dick Kenzie, manager of the Peterborough branch of Canada Manpower.

Hockey tournament a major success

The third annual Haliburton Atom Hockey Tournament is now history and once again it was a howling success. The village of Haliburton came alive as hundreds of ten year old boys from all parts of Ontario and the United States came to Haliburton for three days of exciting hockey action.

The tournament got underway at 3:30 on Friday afternoon and the Grand Championship final which wrapped up the weekend was played at 4:15 p.m. on Sunday afternoon. Sixteen teams which participated in twenty-two games were presented with over \$500 worth of trophies and crests.

This years tournament had an international flavour due to the inclusion of teams from Clarence, New York. This team planned their trip to the Highlands for some time and were looking forward for months to coming here and participating in this outstanding tournament.

The Lake Kashagawigamog Tourist Association was the driving force that got this tournament started three years ago. They approached the Haliburton on Minor Hockey Association and suggested that a co-operative venture be undertaken and the results have been very gratifying.

The success of this tournament all goes to prove just what can happen when two organizations such as this pull together in one common cause. Its just too bad that we don't have more of this kind of co-operation in other areas of the county.

This tournament not only fills up the local resorts who are open for winter business but it helps to step up the economy in the community when it is so badly needed at this time of year.

Positions are filled

What are likely the most important positions in all of Haliburton County were filled last week. The board of education elected Richard Poole as its chairman and the county council has put Robert Vick in the Warden's chair.

These positions hold a great deal of importance to our area. The board chairman is now the head elected member of the body which spends the most money in Haliburton County. Having the position means co-ordinating the thoughts and ideas of the members of the board, making sure the board makes decisions.

The county warden's position, especially in these times of restructuring and official plan talks, also is a monumental task to the person in the position.

Both men will also find that part of their jobs will be to draw the area closer together. To unify all sides and show that something that is good for one area of the county is good for the entire county.

It will not be easy, both have their work cut out for them, both at times will become quite frustrated but if the job is done to the best of their ability, both will be rewarded with the satisfaction that they have done as much as they can to make Haliburton an even better place to live.

Involves community

The Haliburton Rotary Club's decision to raise money for repairs and renovations to the arena came as no surprise to anyone.

The Rotary Club has done it time and time again in Haliburton. Putting themselves out to participate in a community project and hopefully they will help the Rotary Club.

The repairs to the arena are not just a project of the Rotary Club they are a project for the entire community. The arena must be repaired.

In this day and age recreation has gained in importance to where it is among the top priorities in our society. A community the size of Haliburton would be that much less a community without an arena, recreation centre type of building.

It will not be up to the Rotary Club to get the money, instead it will be up to all of the citizens of Dysart et al to provide the money to keep our arena.

Haliburton is a town of variety where lakes and rivers and woods give beauty. The above photo shows where the Drag River becomes rushing Dover Rapids. They are only a few hundred yards from Haliburton, these Dover Rapids on Drag Lake where Evelyn and Lois Carnochan are bathing. The sisters are former residents of the town and they know this beauty spot well ... as do many tourists who visit Haliburton each summer. The photo was taken from the Telegram in 1951. Our thanks to Mrs. Rose Carnochan of Haliburton for submitting this photo.

Haliburton Highlights

BY CREIGHTON FEIR

The students of the Archie Stouffer Public School will have a bargain day on Thursday of this week at Sir Sam's Inn Ski Hill at Eagle Lake. It will all be in conjunction with the Minden Kinsmen Winter Carnival which is on the weekend.

The Municipality of Dysart et al council in session on January 10th, 1977 changed the fines under Parking By-Law 69-23 and this by-law became effective on January 24, 1977. 1st offence \$1.00, 2nd offence same day \$5.00.

During the past weekend we had two big events on in the village of Haliburton. One was the Skyline Bonspiel and the other was the Atom hockey tournament. In speaking with several local citizens they told us that it was very unfortunate that two big events such as these had to be held on the very same weekend. It all boils down to the fact that with so many visitors in the area that it was almost impossible to get every one accommodation. As far as the local economy is concerned we are better to have two big weekends instead of one. In our opinion this is where a Sports Director when we get one should come into the picture and make sure that this kind of thing doesn't happen again.

May we remind you this week that the annual Haliburton Rotary Club Winter Carnival will be on in the latter part of February. We hope that you have kept your Christmas lights up and will turn them on when the carnival time rolls around.

Speaking of winter Carnivals the annual Minden Kinsmen Winter Carnival is on this weekend and they have a great many exciting events lined up. We hope that we will see a good number from the Haliburton area attending the Carnival.

If you haven't anything to do on a Friday afternoon its worth your while to go up to the Haliburton arena to see the students from the Victoria Street School out on the ice enjoying and participating in skating. We are of the opinion that its just wonderful to think that these children have the opportunity to get away from the classroom for an hour to enjoy the skating.

One of the extra attractions at this years Haliburton Winter Carnival will be that ever growing sport Cross Country Skiing. We hope that everyone will participate in this event.

This coming Friday night, January 28th, Wellington will be in town to take on the Haliburton Huskies at the Haliburton Arena in a regular scheduled Central Ontario O.H.A. Junior D game. Gametime will be 8:30 p.m.

Weather wise the past weekend was one of the better ones that we have had this winter. We had plenty of sunshine with seasonable temperatures.

Members of the Haliburton Kinsman Club were busy last week preparing the track for the snowmobile races which they will be running on Head Lake near the town dock in conjunction with the Haliburton Winter Carnival.

Editor's notebook

BY JIM BADGLEY

Its back to business for municipal councils, boards and committees now that the new year has started.

Things are getting pretty hot and heavy already. County Council jumped right into business last week and most of the municipal councils have started the decision making process.

We see in Lutterworth that they have decided to give themselves a raise and buy some new office furniture. These things are their decision because eventually they will have to answer to the taxpayers again.

Dysart has jumped into it pretty quickly as well. The council has found a few problems with the sewage project. Such as that they will not be able to get the funds to finish the second phase at least not at present.

The council has already travelled to Toronto to find out just what is going on. The trip was to fold as well with a meeting about police protection included.

Out in Stanhope the main topic of discussion for another year will still be planning. Items like a county official plan are a big concern of Reeve Sinclair Nesbitt.

This month must have brought back a number of memories for one Haliburton resident. Roy Brohm, after sitting out two years in municipal politics once again found himself a member of Dysart Council.

I wonder how many people remember 10 years ago when Roy, then reeve of Dysart, was unanimously elected warden of Haliburton County.

At the time of his election to warden, according to a story which appeared in the Jan. 19, 1967 issue of The Echo, Mr. Brohm said that since 1967 was Canada's centennial year the projects for Haliburton County were the opening of Hyland Crest Home in Minden and a road to connect Highway 35 with Highway 11.

The story read, "In accepting the honor the new Warden ably expressed his thanks to the members of the County Council for the honor bestowed on him and stated from the time that he had sat on council in 1951 he had hoped that someday he would be Warden of Haliburton County."

Letters to the Editor

The Haliburton Echo
Haliburton, Ontario

Dear Sirs:

Would you please publish the following request for information.

I am doing genealogical research about my family. I have a lead which suggest that the Wessles branch of my ancestors married into a family by the name of Broam or Broom from near Haliburton or Minden. If anyone from this family could supply me with some background information about the Wessles family and in particular Suzanne Wessles, it would be very much appreciated.

Thank you for your help.

Yours truly,
Howard I. Spencer
626 King St. N.
Weyburn, Sask.

Letters welcome

News from Extendicare

BY CHARLES PLEWMAN

"IT IS MAN'S MISSION TO LEARN TO UNDERSTAND."

Most of the residents are aware of the fact that they are in a Nursing Home with other handicapped people and that being so they are expected to live up to the regulations necessary for their health and safety. Some there are who are not conscious of this fact or who just won't play the game. They make a problem for the staff and unpleasantness for themselves.

AWARENESS! Some of us seem to be blessed with it and others not. The fortunate ones are sensitive people who know what is happening all around them and who usually do something about it. But the answer is not always easy. It may not be found in the past - we live in a rapidly changing world and if we do not adjust ourselves in our business or our family we may be in trouble.

This lack of sensitivity is more prevalent that we realize. The late Czar of Russia was quite oblivious that a revolution was brewing outside of the palace. Few of us expected to see a separatist Government in Quebec. The number of husbands and wives who are not sensitive and therefore, unaware of what is happening to their spouse or their family is legion. It often takes an earthquake to bring them to their senses and then it is often too late. There is such a thing as being so close to the trees that you can't see the forest. I have a friend you would call a good citizen. For his age he was strong and healthy - not so his wife. The wife is tired and weary, she needs a quiet and leisurely winter holiday. What does her husband do? He takes her on a 4,000 mile motor trip down to the Keys and all around Florida. A few years later he lost her. As for business, we all know of firms that had to close their doors because its Chief Executive failed to understand the changes that were taking place. The good life means appreciating art, liking literature, enthralled with music and loving nature.

AWARENESS AND UNDERSTANDING WILL BREAK DOWN THE WALLS THAT SEPARATE US!

The Cold weather and the snow have effected us too. Some of the out-of-town staff have not made it and others have been delayed. Visitors too have been fewer.

Carpet Bowling is becoming more popular. Mrs. Miriam Lewis, our Activity Director, has been away with a cold.

OTHER RESIDENTS

Alma Clement of Haliburton likes to go out for a walk. Gerald Covert, of Highland Grove, worked in the logging industry for many years.

Mary Currah is very co-operative and the Treasurer of the "Happy Gang." Alvin Currah, Mary's husband, has to use a wheelchair.

Our Devotional Period on Friday the 21st was led by Capt. Douglas Barry of the Salvation Army. His theme was "Faith in God, not only in his existence but also in what Christ taught us about life."

Dr. Karl Hartwick, our Resident Doctor, and his wife are enthusiastic Cross Country Skiers. Recently Mrs. Hartwick gave birth to a baby boy. Best wishes from the residents of Extendicare.

On Sunday morning the boys and girls from the United Church Sunday School visited us to present a cheque for \$67.36 to Jake Gill to help defray the cost of his wheelchair. Jake was very appreciative and responded in the way he knows best, namely by playing a few selections on his harmonica.

OPEN YOUR EYES THAT YOU MAY SEE
THE WONDER THAT AROUND YOU LIES;
IT WILL ENRICH YOUR EVERY DAY
AND MAKE YOU GLAD AND KIND AND WISE.
EMMA BOGE WHISENAND

This and That

BY JENNIFER WOODS

For my birthday I received a very special gift from my mother. It was a book of Canadian recipes Nellie Lyle Patterson's Canadian Cook Book. I have read it from cover to cover and it can help the novice and the expert and everybody in between. We are so lucky to live in Canada. We have the world's recipes at our feet. We have part ownership of them because Canadian is being part of many ethnic groups. The following recipes I have chosen from this book are made with ingredients that are readily available in winter and they will certainly add a new dimension to your table.

French Onion Soup

6 med. onions
2 tablespoons butter or polyunsaturated oil
4 cups cleared soup stock
1/2 tsp. salt
1/4 tsp. celery salt
1 tsp. Worcestershire Sauce
Crusty Bread
grated cheese

Peel onions and cut into thin slices. Brown onions in fat and add stock (If I don't have any stock I often substitute 1/2 cup of soy sauce to 3 1/2 cups of water, try it, it is delicious and high in protein) Simmer until the onions are tender and add seasoning. Pour soup into ovenproof bowls and add bread then cheese. Brown under boiler. Serve at once.

Spanish Rice

2 tablespoons butter or polyunsaturated oil
1 cup chopped onion
1 clove garlic
1/2 cup celery
1/2 cup of green pepper
1 can tomatoes
1 teaspoon of salt
2 whole cloves
3 cups cooked rice.

Saute the fresh vegetables in the oil and remove the garlic and add the tomatoes and seasonings. Bring to a boil. Simmer 10 minutes then remove the cloves. Stir in the rice and pour into a greased casserole. Bake at 350 F. for 30 min.

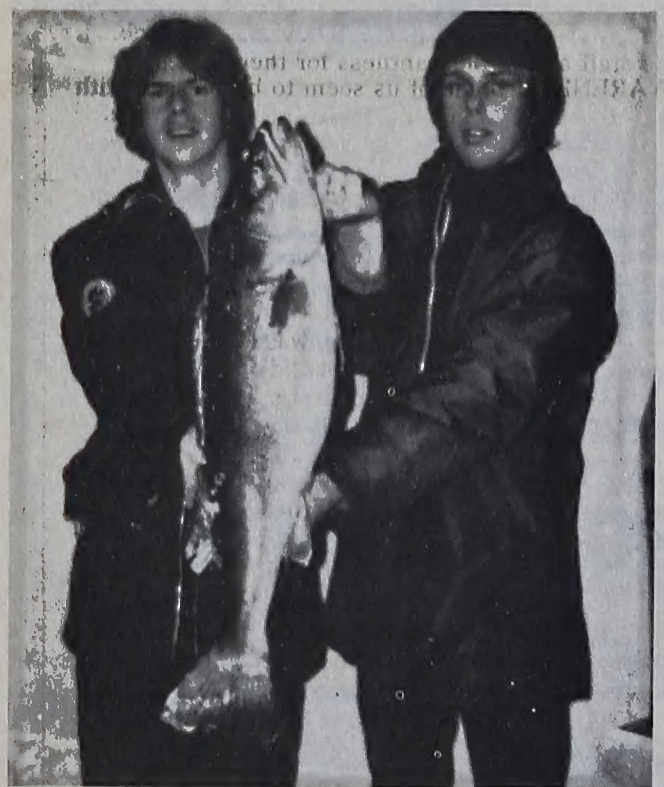

Jambalaya

Prepare Spanish Rice. When the rice is cooked and tender and most of the liquid has been removed stir in 2 cups cooked shrimp, ham and chicken. Serves 4 to 6.

Kheer

To Rice Pudding add 1/2 cup of mixed nuts; cashews, pistachios and almonds. Also add coconut and raisins. Pour into serving bowls and add brown sugar. Sprinkle with nutmeg and chill before serving.

Jennifer Woods

Mike Fearrey and Pete McElwain found fishing in Lake Kashagawigamog to their liking last week when they landed this 12 pound pickerel. The fish has a 17 inch girth and is over 31 inches long. The fish was caught on Jan. 11.

COUNTY ECHO FAMILY

Maple Lake News

by Ada Gibbs

Our cold weather seems to stay with us, with readings anywhere from 22' to 40' or 42' below zero. But when talking with relatives in Dover, Delaware, we find their readings have been hovering around 10' zero with plenty of snow. They say they are making history in that balmy state this winter.

Mr. and Mrs. Willard McPhail have returned home from an interesting trip to Kitchener where they attended an Artex representatives banquet, and after having visited a few days with Marie's sister and family in Guelph.

St. Peter's A.C.W. (Anglican Church Women) has quite an active group of members this New Year. Their first meeting held in the church basement last week showed an attendance of 11 ladies with new officers willingly taking part in the various positions open to them. Their winter's work consists of quilt making and plenty of knitted goods made by those who don't understand quilt making or who enjoy knitting better.

Of course we have a pair of famous knitters in our community in the persons of Mrs. E. Davis (91 yrs.) and one of Stanhope's grand old men, Oscar Sisson (90 yrs.) who certainly outshine the younger A.C.W. ladies in the energy they put into their knitting, and in the abundance of socks, caps, mitts, slippers, and scarves etc. turned in at the different meetings by these oldsters ready for packing for church sales in February.

When packing time arrives the Supply Convener sorts, labels, numbers and packs all garments quilts etc. in secure boxes and they are transported to the A.C.W. centre in Toronto. The busy workers at the centre gather together huge bundles of needed supplies (bales) weighing from 70 to 90 lb. and in the winter time these bales are shipped to the Western or Eastern Arctic areas where they are opened and the contents distributed to needy Indian, Eskimo or white families.

Other shipments are made to the Canadian West in September to the mission fields. The contents of these bales would necessarily be somewhat different, according to the needs, temperature changes etc. In 1976 I understand 223 mission bales were shipped from the Toronto Supply Room on the authorization of the Bishops of the assisted Dioceses.

Friends in this community were sorry to learn of the passing of Mrs. S. Budge of Toronto, mother and grandmother of Mrs. George Kite and her four sons who are property owners on Maple Lake.

Visiting last week with Wilbert, Isabelle and Ada Gibbs was their sister, Mrs. Phyllis Howarth of Dover, Del. who had been attending a son's wedding in Toronto. She was also checking on her cottage property here.

Mr. and Mrs. Allan Dickson of Codrington visited with Lila's mother Mrs. Roxana McPhail last Sunday.

It is good to see Mrs. Stewart Dawson at home again after her period of hospitalization in Peterborough.

All the snowstorms of the winter caused Holly Gray of Don Mills to make a flying trip to his cottage on Haliburton Lake, to remove snow from the roof. He reported a depth of some 2 ft of snow, and after having walked across the lake from Kiora Cottages, found the shovelling and the walking resulted in some very sore muscles.

Mrs. Grace Martin and Mrs. W. Johnson made a successful business trip to Peterborough last week. Sympathy to the community goes out to the families and friends of the late Violet Rogers and Buddy Stevens whose funerals were last week.

"Do all the good you can for all the people you can" must be Nellie Thompson's motto. A friendly report to your correspondent gives Nellie great praise for the kindness, helpfulness and thoughtfulness shown in her regular visits to the home of Kenneth Stevens during Buddy's illness. Congratulations, Nellie!

Word has been received that the Welch Memorial Library is in receipt of a matching non-capital grant, in the amount of \$1,940.00 to be applied to furnishings for the library.

Art Instruction

Persons interested in instruction in oil painting are invited to leave their names and phone numbers with the librarian at the Welch Memorial Library, Stanhope.

or phone Alex Stevenson at 489-2596.
If enough people are interested a group will be

formed, and the fees as well as the duration of the course will be determined. We hope

to hear from all age groups. You will be advised to all particulars at that time.

Resort insurance seminar

The Association of Tourist Resorts of Ontario will be holding a special insurance seminar geared specifically for resort owners, this Thursday at the PineStone Inn.

All resort operators in the area are invited to attend the one day session which starts at 10 a.m.
A specialist will be present at the seminar to discuss the overall problems

of resort insurance.

For further information telephone Art Ward at the PineStone Inn, 457-1800 or Bruce Henry at Halimar, 457-1300.

HALIBURTON IGA MARKET

County sports

By Jim Badgley

The Lake Kashagawigamog Atom Hockey Tournament went off with few problems and proved to be much more than just a chance for kids to play hockey. It provided local and out of town fans alike with a great deal of interesting and well played hockey.

One of the more impressive aspects of the tournament was the high calibre of refereeing displayed. The officials committed few errors. They all worked hard to be in position on all of the plays and deserve a great deal of credit for the success of the three day event.

The organization of the tournament is topped by none. The Haliburton Minor Hockey Association and the Lake Kashagawigamog Tourist Association put on an excellent show for the many parents and fans in attendance.

To top it off for the people of the area, a local Haliburton County team came up with a big effort and ended up the winner of the grand consolation championship.

Speaking of atom hockey, I heard some news that was a little disturbing. I understand that Minden's atom team, after finishing its most successful season has been moved up to Class C from Class D. There seems to be no apparent reason for the change in status.

The Ontario Minor Hockey Association rates the class of teams by the population of the clubs drawing area. For example because Dysart has a slightly bigger drawing area than Minden its classification is generally one notch higher.

Now because the Minden atoms have had such a successful season they find themselves playing in a higher class than Haliburton.

Most towns wait a long time between All-Ontario Championships and if this is the attitude the OMHA is going to take they may even have to wait longer.

The Haliburton Huskies appear to be on their way in the Junior D league. After a slow start and sitting for some time in the basement Haliburton has finally started to pick up some points, including three out of a possible four in two weekend games.

COUNTY ECHO SPORTS

Bob Stinson, president of the Haliburton Minor Hockey Association receives a cheque from John Teljeur, president of the Lake Kashagawigamog Tourist Association for the new sweaters worn by the Haliburton Lake Kashagawigamog Atoms. The team is sponsored

by the tourist association. The tourist association and the minor hockey association sponsored the atom tournament which was played at the Dysart Arena over the weekend.

Minden takes consolation crown Haliburton out in two games

Minden Atoms lost their first game and went into the Consolation division of the Lake Kashagawigamog Atom tournament and from their won the grand consolation championship.

The other Haliburton County entrants, Haliburton Kashagawigamog Atoms

lost their first game and then dropped out of the tournament at the hands of the powerful Minden club in the next game.

Minden fell behind 5-0 by the end of the second period of the club's first game against Oak Ridges and was only able to come up with

one goal in the third period to break the shut-out.

Oak Ridges opened the scoring at the three minute mark of the first period when Frank Rossi connected from David Koteff.

Rossi started the Oak Ridges scoring spree in the second period with a goal at the eight second mark. Steven Arnold scored from Robert Munroe, Damien O'Flaherty connected unassisted, Robert Sanders netted a goal from Rossi to round out Oak Ridges scoring in the second period.

An unassisted goal by Jeff Stamp kept Minden from being shut-out. The goal came in the opening minute of the third period.

Haliburton just couldn't get enough shots on net and despite excellent goal tending by Billy Whittaker lost to Oshawa 3-0 in the club's first game.

Oshawa got on the score-sheet about midway through the contest when Pat McGarry scored from Chris Walls unassisted. A second Oshawa goal in the final minutes of the period proved to be all the insurance the club would need. Walls got credit for the score unassisted.

The final Oshawa goal came at the 6:14 mark of the third period when Bill Hayball connected unassisted.

Haliburton Atoms were able to hold Minden scoreless for the first five minutes of both teams' second contest but it wasn't long enough and Minden went on to win 5-1.

Scott Hamilton opened the scoring for Minden at 5:11 of the first period unassisted.

Haliburton evened the count at the 6:05 mark of the second period when Mike McNaull scored from Rick Barnum.

Hamilton put Minden back into the lead with just 1:48 to play in the second frame on another unassisted goal.

Minden got off to a late start again in the final period but the club was able to come up with three goals in the final five minutes.

Hamilton's hat trick made the score 3-1. His third goal was unassisted as well. Kevin Warburton ran the count to 4-1 on a play from Greg Newell. Scott Yake rounded out the scoring with only 23 seconds to play in the game with an assist going to Stamp.

Minden had little trouble with Markham in the B consolation championship game.

Robby MacLeod opened the scoring at 4:39 of the first period on a play from Yake and Warburton.

Markham got back into the contest briefly just one minute later when P. Elliott connected unassisted.

Yake scored the eventual winner just 20 seconds later on a play from Warburton.

Warburton scored the final goal of the first period on a play from Yake and MacLeod at 7:05.

Minden came out flying in the second period. Yake scored first from Warburton and Newell at the 59 second mark.

Kevin Warburton, of the Minden Atoms, was named the best forward in the B group of the Lake Kashagawigamog Atom Tournament. Kevin led his club to victory in the grand consolation game. Presenting the award is Art Ward of the Lake Kashagawigamog Tourist Association.

Royal York player takes MVP award

George Bagnato of the Royal York Rangers took the top individual honors in the Lake Kashagawigamog Atom tournament played at the Dysart Arena over the weekend.

Bagnato was named Most Valuable Player for his efforts in helping his club to the grand championship.

In the B group of the tournament, the award winners had a local flavor with Billy Whittaker of Haliburton taking the award for the top goalie, Kevin Warburton of Minden was named top forward and Chris Palmer of Bancroft was best defenseman.

Top goalie in the A group was Grant Robb of Huntsville. Dave Hutchings of Mississauga was named top forward and the best defenseman was Dave Beaudy also of Mississauga.

Billy Whittaker holds up the trophy he won as the top goaltender in the B group of the third annual Lake Kashagawigamog Atom Tournament. Billy plays for the Haliburton Atoms. Presenting the award is John Teljeur, president of the Lake Kashagawigamog Tourist Association.

Tournament results

In the first round of the Lake Kashagawigamog Atom tournament the winning teams went on into the championship flight and the losers went into the consolation division.

In the A group first round Wexford downed Georgetown 2-0, Royal York bombed Bracebridge 10-0, Mississauga defeated Huntsville 4-1 and Stouffville was upset by Thorold 3-0.

In the B group Oak Ridges downed Minden 5-1, Oshawa beat Haliburton 3-0, Bancroft defeated Markham 7-2 and Hillcrest downed Clarence New York 3-2.

Royal York shut-out Wexford 8-0 in the second round of the championship division A group and Mississauga won 4-0 over Thorold.

In the B Group championship division second round Oak Ridges shut-out Oshawa 4-0 and Bancroft won 6-0 over Hillcrest.

Georgetown downed Bracebridge 8-1 in the second round of the consolation division A group and Huntsville won 2-1 over Stouffville.

In the consolation B group second round Minden defeated Haliburton 4-1 and Markham won 4-2 over Clarence.

Royal York won 2-1 over Mississauga in the A championship and Oak Ridges downed Bancroft by the same score.

Georgetown won the A consolation championship 3-2 over Huntsville and Minden clobbered Markham 10-1 to win the B consolation championship.

Minden's 1-0 win over Georgetown gave them the grand consolation championship.

This is the winning rink in the Haliburton Skyline Bonspeil held from Friday until Sunday. Haliburton rinks placed well, taking the top three positions in

the A division. These first place curlers were left to right, Bob McNaul, second, Murray Kuno, vice skip, Dave Bishop, skip and Dave Gray, lead.

"We've won the whole thing!" At least that is what the players from the Royal York Atoms seem to be saying to each other as they celebrate the teams victory in the grand championship of the Lake Kashagawigamog Atom Tournament. Royal York defeated Oak Ridges in the final game.

Placing first in the C division of the Skyline Bonspeil held in Haliburton this weekend was this rink from Lindsay, skipped by Charlie Gilmore. Left

to right with their prizes are Paul Rodd, lead, Ross Naylor, vice, Charlie Gilmore, and second John John McCrae.

Royal York just too strong for Oak Ridges

Oak Ridges Atoms came up with the first goal of the game but just didn't have enough manpower to hand in with Royal York Rangers in the grand championship of the Kashagawigamog Atom Tournament.

Royal York won the final game 5-2. Oak Ridges took a 1-0 lead at 6:19 of the first period when Robert Sanders connected from Frank Rossi.

Doug White evened the count with 1:33 to go in the period on a play from Ken Nadin.

White gave Royal York the lead with less than two minutes gone in the second period unassisted.

Rossi sent the two clubs to the dressing room even at the end of the second period when he scored from Sanders with 1:10 to play.

Royal York, playing with three full lines was just too much for Oak Ridges in the final frame.

Peter Hennessey put Royal York into the lead to stay at 3:08 of the final period on a play from Tim Griffin.

Alan Sadovy got the insurance marker at 6:41 of

the period with an assist going to John Daleggio.

The final goal of the game came off the stick of Robbie Kimball with 2:14 remaining in the game. The goal was unassisted.

Only three penalties were called in the contest with all of them going to Royal York.

Minden wins with 1-0 shut-out

A goal early in the third period was all Minden Atoms needed to win the grand consolation championship in the Lake Kashagawigamog Atom tournament played at the Dysart Arena over the weekend.

The goaltending duo of Kevin Forbes and Scott Danilko were credited with the shut-out.

The two clubs played scoreless for the first two periods but persistent pressure by Minden and a number of penalties by the club from Georgetown finally paid off in a goal.

Credited with the winning marker was Doug Schell with an assist going to Scott Hamilton.

Minden's lineup for the final game included Forbes, Danilko, Carl Alexander, Greg Newell, Kevin Warburton, Scott Yake, Robby MacLeod, Schell, John Dillon, Jeff Stamp, Paul Walker and Scott Hamilton.

The club is coached by Gary Warburton and Gene

Newell is the manager.

Georgetown took a total of eight penalties compared to only two for the smaller Minden club.

In coming up with the win in the consolation championship, Minden found itself on the other end of the same score in which the club lost a tournament played recently in Minden.

Stanhope Library gets Wintario grant

The Stanhope Public Library Committee has received a non-capital grant for furnishings and equipment for the Stanhope Library in the amount of \$1940. from

Wintario. This amount has already been matched with cash or the equivalent in labor and gifts by the community.

Haliburton dominates bonspeil

For the first time in the last eight years, Haliburton rinks came up with three of the four final places in the top division of the 18th Skyline Bonspeil.

The trophy for the A division, donated by Haliburton Lumber, was won by Murray Kuno's rink, skipped by Dave Bishop, with

Bob McNaul and Dave Gray playing front end. This rink did some fine steady curling, meeting Bob Collier's Haliburton rink in the finals.

The Collier rink was left to second place of the A division after going down to the Kuno rink. Dick McLean Clark Bailey and John

Wilson were curling with Bob Collier.

As a frosting on the cake, Ron Barr came through for Haliburton in third place. Ron had Don Blakey, Lou Brown and Carl Wallace with him.

All three of these Haliburton rinks played exceptionally well, coming up through several star rinks from Oshawa, Orillia, Uxbridge, Lindsay and Minden. Fourth place in A division went to Paul Michael of Oshawa. The trophy for the B division, donated by Curry Motors of Haliburton, went to Tim Brethour and his rink from Uxbridge. This was last year's top winner, who had to play a good game to beat Tom Steen's rink from Oshawa that took second place in the B division.

Bev Smith and Wayne Hussey met for third and fourth place with Hussey's rink taking third, and leaving Smith's rink to fourth of division B.

The Esso-Connelly trophy for the C division winners went to Dave Cowan's rink from Lindsay in yet another keen close playdown. They took the Andrusko rink from Oshawa to second place, with Bob Timers of Sanford taking third over Dave Morris of Orillia in fourth.

John Piper of Oshawa and his rink took first place in the D division in a very close match played against the top Minden rink, skipped by Alex Millar. John Piper is

a former two time winner of the top Skyline honors, and they had a hard time beating the young rink from Minden. It was a game that could have gone either way right to the final stone. Ron Dyer of Minden came through to take third place in the D division, with a good win over Jack Naylor and his rink from Oshawa.

The bonspeil began with 32 rinks getting into the grind on Friday at 4:00 p.m. Prizes went to 16 rinks in all. Probably this bonspeil produced better curling and more tight finishes than it has for several years. Congratulations go to all the curlers. Congratulations were heaped on the Haliburton women for their kitchen offerings and hospitality, and to Jack Robertson who so ably organized the Skyline as he has for many years.

It's like an old home week when the regular rinks come back to Haliburton each year for this bonspeil.

HHSES Volleyball

On Wednesday, January 12, the Haliburton Senior Elementary School hosted a volleyball tournament involving schools from Fenelon Falls, Minden, Dorset and Cardiff.

The skill displayed by the young people involved was of a very high calibre.

Throughout the entire tournament enthusiasm ran very high.

The Haliburton girls were undefeated during the whole competition and emerged as victors. Tina McCullough, captain of the girls' team, proudly accepted the trophy on behalf of her dedicated team mates and coaches.

Members of the team were: Tina McCullough - Captain, Cheryl Nicholls, Shari Settje, Corrine Neville, Pam Iles, Marla McNaul, Bonnie Stevens, Kathy Austin, Bev Mawby, Kelly Roberts, Kelly Levely and Sharon Williams.

The coaches were Julie Kennedy, Nick Pawluch and Gerald Irish.

The well-coached Minden boys' team defeated the Haliburton boys in the final game to capture the boys' trophy. Led by captains Alan Cook and Tony Scheffee, the Haliburton boys eliminated Cardiff, then Dorset, and then Fenelon Falls in a most exciting series before bowing to games to one against Minden. Coaches Roy Scott and Roy Hoare were very pleased with the performance of not only their team but with all teams concerned, and are looking forward to recapturing the trophy next year.

Other members of the Haliburton team were: Ken Wyllie, Ed Heard, Tim Hockley, Peter Scheffee, Robbie Abbs, Mike Rae, David Bishop, David Elstone, David Dodd and Randy Vanderstarr.

All teams involved played skillfully and enthusiastically and made this annual tournament a great success.

Our thanks to Mrs. Gail Nicholson and Mrs. Debbie Wales for refereeing the games.

BONUS DRAW

Extra one million dollars for
100 bonus prizes of \$10,000 each.

1. Regular five-digit Wintario ticket and series numbers. For five chances at \$100,000 and more than 45,000 other tax-free cash prizes.

2. Eight-digit Bonus Draw number. If the eight digit bonus number on your ticket corresponds exactly with one of the 100 bonus numbers drawn, you win \$10,000 tax free.

A buck, and you're in for both.

For the February 3 Wintario draw, your Wintario ticket has two sets of numbers—one for the regular Wintario draw, for between \$3 and \$4 million in prizes. And the other for the special million-dollar Bonus Draw—with one hundred extra prizes of \$10,000 each.

In accordance with the Lottery regulations, all unclaimed prize money is retained in the prize fund, until the expiry of the one-year claiming period. It is then transferred into a special prize fund to be

available for additional or bonus prizes in subsequent draws. February 3 is our third Bonus Draw.

On this occasion, to accommodate the advance bonus drawing, ticket sales will cease at 6:00 p.m., Thursday, February 3, 1977. So get your ticket now, because they're going fast. And watch the special one-hour Wintario show live on TV from the Bowmanville High School in Bowmanville, February 3 at 8:00 p.m.

*one year claiming period.

Huskies have big weekend

The Haliburton Huskies picked up three out of four possible points on the weekend to top off club's longest none losing streak of the season.

Friday night the Huskies came out shooting against Bewdley and ended up with a 7-3 win in a game played at the Dysart arena.

Joe Roberts led the way for Haliburton with three goals and three assists. Roberts is number three in the league scoring race.

Roberts opened the scoring with a goal at 9:38 of the first period. Tom Curry picked up an assist on the play. The goal was scored while the Huskies were short handed.

An unassisted powerplay goal by Dan Goody evened the count for Bewdley at 17:26.

Roberts put Haliburton into the lead after only one minute and 30 seconds had been played in the second period. Mike Scheffee picked up an assist on the play. Bewdley was short handed at the time.

Dave Hartwick ran the count to 3-1 at 14:33 of the second frame on a play from Larry Stinson and Roberts.

One minute and 20 seconds later Dan Curry connected from Randy Barras and Roberts to make the score 4-1.

Haliburton went into a four goal lead at 17:09 of the period on a goal by Bernie

Nicholls from Roberts and Tom Curry.

Bewdley pulled within three goals at 4:03 of the third period on a powerplay goal by Bruce Robinson from Dan Floyd.

Another Bewdley powerplay goal again by Robinson with an assist to Floyd put the pressure on Haliburton at 14:34 of the final frame but it was short lived. Ron Oavis assisted on the play.

Roberts put Haliburton into a three goal lead again with a goal from Nicholls at 14:51.

Hartwick's second goal of the evening, a powerplay marker rounded out the scoring. The goal was scored at 16:11 with assists going to Barras and Dave Levely.

A total of 29 penalties were called in the game with 16 going to the Huskies.

The Huskies came within 20 seconds of winning a second straight game Sunday but a powerplay goal by Bancroft tied the score at 4-4.

The game was played in Bancroft.

A powerplay goal at 3:34 of the first period gave Bancroft the early lead. Doug Robcock was credited with the score and the assist went to Bob Birkworth.

Roger Kellar ran the count to 2-0 on a play from Mark McGhee just one minute later.

Haliburton got on the scoresheet at the 7:40 mark

of the period on a goal by Ernie Bain from Dave Hartwick.

Less than one minute later Dave Levely knotted the count when he connected on a play from Mark MacDuff and Randy Barras.

Haliburton went into a 3-2 lead at 17:15 of the first frame when Larry Stinson

Midgets clobber Bobcaygeon 9-1

The Haliburton Beaconbrook Midgets started the playoffs off on the right foot by trouncing Bobcaygeon 9-1.

Andy Salvatori lead the way for Haliburton with four goals and one assist.

Salvatori opened the scoring at 1:31 of the first period when he connected on a play from Ed Roberts.

Bernie Nicholls ran the count to 2-0 on an unassisted goal at 2:25.

Bobcaygeon got back in the game with just over one minute to play in the period when Joe Barrieau scored from Mark Jermyn.

Haliburton came out skating in the second period and it paid off with a goal by Roberts from Salvatori at 2:12 of the period.

Salvatori scored a legitimate hat-trick over the next

five minutes with the first at 5:38 from Bill Musclow and Nicholls.

His second goal of the streak and third of the game came at 9:16 from Scott Barras and Kevin O'Hara.

Salvatori scored again at 10:34 unassisted.

Roberts rounded out the scoring for Haliburton in the second period with 3:34 remaining. The goal was unassisted.

Dave Harrison got Haliburton on the road again at the 2:44 mark of the third period on a play from Nicholls and Musclow.

Roberts finished the game with an unassisted goal with only 18 seconds remaining.

Haliburton will be travelling to Lakefield Sunday for a game scheduled for 8 p.m.

Barry Shaw.

It looked like it was going to be the Huskies game until the final minute of the period when a tripping penalty sent Tom Curry off the ice.

McGhee tied the game on a play from Al Linton and Kellar. Bancroft's goalie was out of the net at the time.

A total of 20 penalties were called in the game with 11 going to Bancroft.

The Huskies' next home game will be this Friday night when the league leading Wellington Ducks are in town for an 8:30 contest.

Haliburton will be travelling to Lakefield Sunday for a game scheduled for 8 p.m.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE ONTARIO HERITAGE ACT, 1974, S.O. CHAPTER 122 AND IN THE MATTER OF THE LANDS AND PREMISES KNOWN MUNICIPALLY AS THE TOWN HALL, IN THE VILLAGE OF HALIBURTON, IN THE PROVINCE OF ONTARIO:

NOTICE OF INTENTION TO DESIGNATE

Take notice that the Council of the Corporation of the Municipality of Dysart et al, on the 13th day of December, 1976, decided to designate the lands and buildings known municipally as the Town Hall as a property of historical value or interest under The Ontario Heritage Act, 1974, S.O. Chapter 122.

SHORT STATEMENT OF THE REASONS FOR THE PROPOSED DESIGNATION:

The Town Hall is recommended for designation for architectural and historical reasons. Originally constructed in 1897, it soon became the centre of all activity within the community. Concerts, socials, arts and agricultural displays were just a few of the many events that were held in the building. Such notables as Lord Wellington, The Honorable Leslie M. Frost and Miss Pauline Johnson all made visits to the Town Hall. In addition, the 109th Battalion used the Hall as their headquarters during the First World War. It has always been used as the meeting place for the Municipal Councils as well as serving as the municipal offices. The Town Hall is also important as a well-designed and quite well preserved stone structure of the late 19th century. Notice of objection to the designation may be served on the Clerk within thirty days of January 6th, 1977.

DATED at Haliburton this 6th day of January, 1977.

Wayne B. Wood
Clerk-Administrator
AMCT

Tuesday night combines

On January 18, the Tuesday Night Combines were led by Mabel Medcalfe in the high triple scoring.

Her total was a high 731 from games of 199, 254, and 278. She had a good lead over second place Jim Foster who bowled 212, 245 and 230 for 677.

Danny Harding placed third in the high triples, with 213, 204 and 233 for 650. Next was Jack Henderson with 171, 223, and 240. Pearl Foster rolled 181, 221 and 228 for a total of 630. Harry Hobden had games of 199, 201 and 215 for a triple of 608. David McKinlay had games of 207, 233 and 165 for his triple score of 605.

High singles were registered by Gail Medcalfe, who bowled 249, Lillian Gorveatt, who bowled 244 and Bill Cowan, who had a game of 241.

Art Beatty rolled 238 points, Ken Piper, 230, Bob Patton, 223, Millie Beatty, 220 Betty Yateman, 217, Bruce Medcalfe Jr., 205 and Brenda McKinlay, 205.

Tri-County bantams win game

The Haliburton Tri-County Bantams came up with one of the club's best efforts of the season and ended up with a 4-4 tie with Beaverton in a game played right in Beaverton.

Beaverton opened the scoring at 7:02 mark of the first period when Steve Warren was credited with a goal from Joe Jesseau and John Garrill.

Haliburton evened the count one minute and 30 seconds later when Dave Dodd scored unassisted.

Haliburton went into the lead after just 1:03 of the second frame when Darren MacInnes scored from Robbie Abbs and Dodd.

Beaverton evened the count two minutes later when Dave Eby connected from Warren and Brian Harrington.

The home town club took a one goal lead into the dressing room at the end of the second period when Alex Rayan scored from Jamie Stewart and Roger Lapierre.

With five minutes gone in the third period Haliburton evened the count when Dodd scored his second of the evening with an assist going to Phil Mackie.

Dodd's third goal gave Haliburton the lead for the second time in the game. The goal was scored at 5:54 unassisted.

Beaverton's Warren evened the count at 6:57 on a play from Eby and Harrington.

A total of five penalties were called in the game with three going to Haliburton.

Along the trail

BY ROY BATES

TWO TRAINING SCHOOLS ON WEEKEND

The Snow Vehicle operators Safety Certification Program entered its third stage last weekend when 15 students successfully completed the first course given in the area. Instructor Bob Patton, operator of North Shore Lawn and Garden Equipment Service and Beech View Cottages, was extremely pleased that only

two members of the class failed the written exam.

The class included two or more married ladies who were previously unlicensed and who will now enjoy the privilege of accompanying their husbands on the trails, and three adult men who took the course specifically for the safety instruction.

Mr. Patton, a director in the Haliburton County Snowmobile Association, was one of the first instructors trained in Haliburton County and is certified by the Ministry of Transportation and Communications. His second school will be held in about three weeks at the same location - the Stanhope Municipal Garage on the North Shore Road. Classes will begin at 7 p.m. on Friday evening and again on Saturday evening to permit cottagers to attend.

Meanwhile a similar school has been scheduled for Saturday, February 15th, in the HCSA clubhouse at Donald, to begin at 9 a.m.

This writer, Master Instructor for the area will be in charge. Any person wishing to enroll for one of these schools should contact without delay, Robert Patton at RR 2 Minden (489-2489) or Roy Bates, RR 2 Haliburton (457-1658). Both schools are filling up fast.

ADDITIONAL INSTRUCTORS TRAINED

The HCSA clubhouse was temporarily returned to its original purpose last Saturday when it was used as a schoolhouse to train four new instructors. One of these, Dennis Casey, of Shamrock Shell and Shamrock Drillers will serve the

immediate Haliburton area. William Joyce will hold schools for the snowmobilers around KENNIS Lake. He is a director of the KENNIS Lake Snowmobile Association. Two from Burnt River, Bruce Douglas and Erick Watson of the Somerville and District Snowmobile Association, will operate schools for snowmobilers from Kinnmount to Fenelon Falls.

NEW CLUBS

Our congratulations and best wishes for future success to the Buckhorn and District Snowmobile Club and the Somerville and District Snowmobile Association. Both clubs were formed late

last fall and both are very wisely joining the Ontario Federation. Located between the two is the Twin Mountain Snowmobile Club at Bobcaygeon now in its third year of operation, also federated.

The Bobcaygeon club maintains some 40 miles of trails to the south and southwest of the MNR 5-point system. The Buckhorn group will be working into this from the southeast and the Burnt River group has already connected from the west. The HCSA trails are added to the system through connections at Irondale and Gooderham. And to the east, the Paudash Trail

Blazers are linked up at Wilberforce and Harcourt. It's getting now so that when snowmobilers take a trail ride they pack an overnight case.

GROOMER VISITS CLUBHOUSE AREA

Bombi driver Tom Prentice headed the machine out the Gelert trail from Minden last week and groomed his way up to Donald. While in the area, he spent one day on trails in the vicinity of the clubhouse such as the Tractor Road leading to Haliburton, and returned on the third day to Minden. We understand the Bombi has since been working in the Hall's Lake area. On the

weekend we had an opportunity to speak with a number of snowmobilers and those groomed trails were well received.

SNOWARAMA

Once again the Rotary Clubs of Minden and Haliburton are teaming up with the HCSA to raise needed funds for the Society for Crippled Children. Called Whipper Watson's Snowarama for Timmy, the event will see snowmobilers congregate from a wide sector of Central Ontario on the morning of February 6th to enter the 100 mile ride. Each rider will carry pledges to be honoured upon successful completion of the trip.

Starting points are established at both villages.

Similar teamwork in more than a dozen communities across the province are providing an opportunity for snowmobilers in all sectors to participate in this worthy event. Snowarama last year became second only to the Easter Seals campaign as a fund-raising effort to continue the ever-expanding work of the Society. The target this year is a quarter million dollars.

If you are unable to ride in the event why not participate by placing a generous pledge on one of the riders. A crippled child will thank you.

Damage

A crash involving a parked vehicle resulted in \$400 damage to the vehicle and \$300 damage to the other car.

The accident took place on Stanhope Line 25, Tuesday, Jan. 18 at 2:56 p.m.

Gordon McElroy of Peterborough has been charged with parking on a roadway where there is not a clear view and Paul R. Brady, 22 also of Peterborough, has been charged with not having insurance.

Heavy load

The Minden OPP's snow-vehicle patrol advise that they have noticed many cottages with heavy snow loads on the roofs.

A report from the detachment notes that the recent mild weather will add to the weight and suggests that cottagers in the area shovel off their roofs or contact someone to do the work for them.

It is pointed out that each year a number of cottages collapse because of snow loads not cleared off the roofs.

Anniversary

An early resident of Haliburton, William R. Walling and his wife Esther (Anderson) of Edinburgh, Scotland, celebrated their 60th Wedding Anniversary in Burnaby, B.C. Dec. 12, 1976.

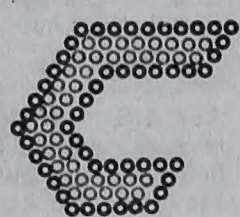

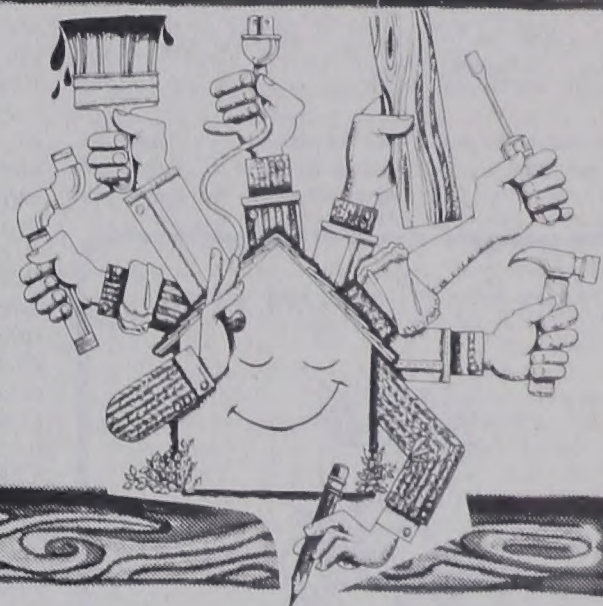

An afternoon tea was held by their children - Lillas and Oliver Walling of Haney, B.C.; Muriel and Ed Blake-way and Kay and Gordon Lutz of Burnaby B.C.; and Evelyn and Ron Leslie of Pointe Claire, P.Q.

A beautiful floral centerpiece graced the table. It was a gift from the office of the mayor of Surrey, B.C., the municipality where Esther and William now reside. A cake with the inscription "Happy Anniversary Mom and Dad" was cut in a fitting ceremony then enjoyed by the guests. Their son, Oliver, proposed a toast and Mr. Walling responded with an appropriate verse. Mr. and Mrs. Walling enjoyed a memorable afternoon with their children, several grandchildren two great grandchildren and other relatives and long time friends.

On Thursday, Dec. 16, the actual date of their anniversary, Mr. and Mrs. Walling welcomed neighbours and friends at a tea given by their daughters, Muriel, Evelyn and Kay. Greetings were received from many - among them one from the Queen in Buckingham Palace, from Mrs. Hazel Haskins nee Walling, Summerland B.C. and Mr. Steve Walling of Woodville, Ontario both born in Haliburton.

From the Chamber

BY BOB STINSON

Last week at both a Central Ontario Travel Association meeting and our own board of directors meeting we discussed two very controversial subjects at some length.

The first was the "G-65" signs. They are the ones which say "You are now entering the Haliburton Highlands Tourist Area." The Ministry of Industry and Tourism has ordered that these signs be removed and that the entire area simply be identified as Central Ontario. This same policy is in effect throughout Ontario. The Chamber, our County Council and our board at Central Ontario have all made it perfectly clear we are opposed to this policy. The Minister, the honourable Claude Bennett was quoted as saying "I suppose from a political point of view the one thing it does (the signs) is keep a lot of people in the local community happy that they have an identification, even if those particular regional councils no longer exist."

The minister should be well aware by now that our "regional council", represented by this Chamber of Commerce certainly does exist. We are fighting this

issue for two very important reasons. We spend considerable funds and efforts advertising the Highlands of Haliburton and we will have to spend even more if this Ministry insists on these attempts to destroy our identity. Aside from the commercial value of our name, we are also all aware that our identity does mean a lot to our residents and the ministry has no right to take it away. We paid for these signs, and we have paid an annual fee for their maintenance. Now Mr. Bennett has advised us that if we want them that badly we can apply to the Ministry of Transport to put up new signs at \$250.00 to \$275.00 each. It is also interesting to note that in April, 1974 Mr. Fred Boyer, Executive Director of Division of Tourism of the Ministry stated in a letter to us "I believe I can assure you, either, you will be able to maintain the signs should you wish it." Well we "wish it" and we will continue to fight on your behalf to see that the Ministry keep their word.

The other topic to stir considerable interest is the practice of the Ministry of Natural Resources to lease "water lots" to all commercial operators with docks or rafts projecting beyond the original high water line. According to information we were given at the Central Ontario meeting this project is supposed to be in temporary "limbo" pending further possible legislation regarding it. Our local Ministry of Natural Resources is not aware of this and is proceeding as normal with the plan. Advice from our group is that we should advise our members to avoid entering into any further agreements with the Ministry until this can be cleared up. We will be reporting more on this as soon as information is available.

Haliburton village experienced its busiest weekend this winter with the Kashagawigamog Atom Hockey Tournament drawing about 300 hockey players and their parents into the area plus the Haliburton Curling Club's annual Skyline Curling Bonspiel. It is too bad these two events hit on the same weekend and we note that if the Chamber's Birthday Calendar can be completed this type of clash will be avoided. The Chamber also was pleased to hold the "official" opening of the Canada Manpower outreach office in Haliburton on Friday night and we were very pleased to see such a good turn out of our political representatives.

The county council have now established their committees for the coming year. Our board is pleased to welcome Fred Baum, Larry Hunter and Murray Fearrey on our board representing county council. Bob Vick who has served on our board for several years has promised to visit our meetings from time to time in his new capacity as Warden.

Len Foster of Tory Hill met Don Mathews of Wilberforce recently and found they were both "Old Timer" hockey players. They wondered if there were any others in that area with a similar interest that would be interested in forming a team. Roy Scott tells me they are planning a mens round robin tournament in conjunction with the Winter Carnival. Interested players in the Wilberforce area could possibly compete if they could put a team together. You can call Len at 448-2041 and Dan at 448-2230 if you are interested.

A.T.R.O. are sponsoring an Insurance Seminar at PineStone Inn this Thursday which will involve panel discussions chaired by experts in this field. Both members and non-members are welcome to attend this important seminar at \$7.50 which includes lunch. Registration is at 9:30 a.m. and an advance call to either Art Ward at 457-1800 or Bruce Henry at 457-1300 would facilitate their planning.

We hope to see you all at the Minden Carnival this weekend. By the way, have you seen the carnival promotions on C.K.C.O. (Channel 11). This promotion will continue following the Minden Carnival to feature the Haliburton event. This promotion is possibly through the assistance of Central Ontario Travel Association funding.

Eakins secures charter rights

John Eakins, MPP Victoria-Haliburton, has been successful in securing charter rights for charter bus tours for Earl Mumford,

owner of Mumford Bus Lines, of Harcourt, Ontario.

Mr. Eakins was successful in his first appearance before an official hearing of the Ontario Highway Transport Board. Following official approval from the Transport Board, Mr. Mumford will be able to give charter service to the people in Haliburton County between Harcourt and Fenelon Falls. The award will not include Fenelon Falls or Lindsay.

Last fall, John Eakins assisted Mr. Mumford to clarify a previous Board approval in order to start operating a daily bus service on the same route, Bancroft to Lindsay.

This latest decision will mean that the citizens in that area of Haliburton County should be assured of both continued daily service, plus the opportunity for charter trips through one of their local citizens.

Mr. Eakins paid tribute to the bus load of citizens who went to Toronto to testify, plus the excellent business approach shown by Mr. Gerry Stock of Stock-Algar Ltd., and the Chairman and Members of the Ontario Highway Transport Board.

Report from Queen's Park

BY MPP JOHN EAKINS

In mid-December, Provincial Auditor Norman Scott tabled his Report for the year ended March 31st, 1976. As a result of information contained in this Report, the Government plans to introduce legislation this spring to deal with the question of ownership of private medical laboratories by doctors, giving rise to conflicts of interest. The Government has been promising the regulations since last spring.

The Provincial Auditor said in his report that the Ontario Health Insurance Plan (OHIP) has paid out millions of dollars in claims without properly checking their validity. He states that existing legislation makes prosecution on fraud charges almost impossible. Government and medical profession rules have been too lax in permitting doctors to operate private labs which have made claims on OHIP which according to July 31st records cover 12,748,793 participants in the plan, although the province's population a year before was only 8,226,000.

Apparently the Medical Review Committee of the College of Physicians and Surgeons of Ontario - set up in 1971 to rule on cases of improper payment - has yet to issue decisions on 175 cases, some dating back to 1974. The Review Committee recommended recovery of money in 115 cases, but no action in 254 others, failing to explain its decisions when OHIP evidence of improper payments was rejected. One possible explanation for delay in settling cases which come before the Review Committee is the fact that many cases are extremely complicated.

The Auditor also reported that overpayment of family benefits by the Ministry of Community and Social Services has passed the \$19 million mark. The largest amount - \$8.6 million - represents unrecovered portions of overpayments that were outstanding when recipients were cut off. Administrative errors and legal action is being considered in another 86 cases for which overpayments total \$563,000. At least \$70,000 has apparently disappeared in the form of replacement cheques for others that have been lost or undelivered.

The Provincial Auditor also discloses that although the Government has a building full of meeting rooms at Queen's Park, the Ministry of Culture and Recreation prefers the comfort and service of Toronto hotels. During the past year, this Ministry ran up a tab of \$18,466 holding 40 meetings at 16 city hotels. "Some of the billings did not indicate the purpose of the meeting nor the names of those attending," said the Auditor. "We recommended that the facilities of the Macdonald Block (the Queen's Park meeting centre) be used for meetings, whenever possible and that the Ministry develop standards and guidelines to regulate the cost of food and beverages provided at meetings, luncheons and other hospitality-related functions."

Old Fort William, being built for the Ontario Government as a tourist attraction in Thunder Bay, has cost more than twice the originally budgeted price. The cost to the end of last March stood at \$12.7 million. The construction contract signed five years ago was for \$5.5 million, subject to an increase of not more than ten per cent and increases due to inflation. Costs have also run far over approved limits in a related project. The Government agreed to have a university prepare manuscripts and technical reports on the fort, setting a limit of \$200,000. By the end of March, the cost had hit \$242,000.

See you next week.

County planning committee

Jerry Howarth, immediate past warden reported to County Council on Jan. 19 that the Council's Steering Committee made a major change for the coming year by setting up a Planning Committee to look into official planning for Haliburton County.

The Planning Committee will be made up of reeves Reg Booth of Anson, Hindon and Minden, Patrick Conaghan of Lutterworth, Murray Fearrey of Dysart et al, Jerry Howarth of the Improvement District of Bircroft, Sinclair Nesbitt of Stanhope and Doug Russell of Sherbourne, McKintock, Livingstone.

Mr. Howarth, the chairman of the Steering Committee, explained that members were chosen for the planning committee from those municipalities that are presently involved with restricted area bylaws, or, as in the case of Mr. Fearrey and Dysart et al, an official plan. Mr. Howarth is on the Planning committee as a representative from the south eastern side of the county.

All members of the county will be called to make any decisions with regard to the establishment of an official plan, but having the planning committee will ensure that "some committee is functioning in planning matters throughout the year" Mr. Howarth said.

Mr. Nesbitt asked that all minutes of the planning committee's meetings be sent to all municipalities, since some councils may feel that their reeve and deputy reeve might get carried away with planning on the county level. He admitted that the decision put forward by himself and Stanhope deputy Reeve Jim Harrison to go ahead with trying to establish an official plan rather than leave Stanhope's previous efforts with a restricted area bylaw aside was "not exactly happily received" by Stanhope council.

Lutterworth reeve Patrick Conaghan said that at one point, their municipality used to think that they didn't need an official plan, but now find that with the restricted area bylaw, they "take five steps forward and 10 back." Mr. Conaghan

went on to say that they "had spent \$27,000." the bylaw at the present time "and have got nowhere", so was thankful that the county was making steps toward officials plans.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO CLOSE THAT PORTION OF PART OF LOT 14, CON. IV AND V, IN THE TOWNSHIP OF DYSART.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, February 14th, 1977, a By-Law to Close, Stop Up and Convey the following:

ALL AND SINGULAR that certain parcel, or tract of land and premises, situate lying and being in the Township of Harburn, in the Provisional County of Haliburton and being composed of part of the original allowance for road between Concessions IV and V, across part of Lot 14, in the said Township and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic and derived from the Northerly limit of Lot 14, Con. IV, having a bearing of North 69 degrees 08 minutes East as shown on Registered Plan No. 226.

COMMENCING at the North Easterly angle of that part of Lot 19, Registered Plan No. 226 for the said township lying in Concession IV;

THENCE South 69 degrees 08 minutes West along the Southerly limit of the aforesaid road allowance, a plan distance of 100 feet to the North Westerly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession IV;

THENCE North 20 degrees 52 minutes West, 66 feet to the South Westerly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession V;

THENCE North 69 degrees 08 minutes East along the Northerly limit of the aforesaid road allowance, a distance of 47 feet to the South Easterly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession V, at a point distant 66 feet measured Southerly from the high water mark of Haliburton Lake as defined by Registered Plan No. 226;

THENCE Easterly along a line drawn parallel to an distant 66 feet measured Southerly from and perpendicular to the high water mark of Haliburton Lake as defined by Registered Plan No. 226 to a point where the same is intersected by a line drawn through the point of commencement on a course of North 20 degrees 52 minutes West;

THENCE South 20 degrees 52 minutes East to the point of commencement. AND WHICH said parcel or tract of land may be further illustrated as shown on a sketch drawn by H.C. Bishop, O.L.S., dated November 10, 1975 and hereunto attached.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person, or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED AT HALIBURTON, this 6th day of January, 1977.

Eakins is pressing for action on Wilberforce bridge

TREES... THE GREEN LINK

John Eakins, MPP Victoria Haliburton, is continuing to press the Minister of Transportation and Communications for action on the one-way Wilberforce bridge.

In the past week, Mr. Eakins received assurance from the Deputy Minister that design work for this bridge is well under way, and property negotiations have been started. The replacement of the bridge has been combined with work on Secondary Highway 503 from Tory Hill westerly, in order to obtain an economic size contract, Mr. Eakins says this is quite understandable and agrees

with its inclusion.

This work will be called when the design has been completed and the property has been acquired, providing the funding is available. If for any reason this project is not completed this year, the Victoria Haliburton member has been assured that the project will be completed next year.

Mr. Eakins stated, "I shall continue to press the Ministry to have this badly needed bridge completed this year if at all possible. It is a dreadfully dangerous situation and everyone now, including the Ministry is very much aware of it."

Bill Smiley Civil war?

By BILL SMILEY

© The Argyle Syndicate Ltd.

I was glad to hear, in his end-of-year news conference, that Prime Minister Trudeau had no plans for keeping Quebec within the Dominion of Canada by force, should separation of that province be approved by its people in a referendum.

I'm sure many another old sweat of my vintage who is still on the reserve list also breathed a sigh of relief. One of the many things we old vets don't need is a civil war. One war in one lifetime is enough for one man.

Most of us would have trouble completing the deshabille of a stripper in a burlesque show, let alone stripping a machine gun.

And I think we might have a little trouble completing a route march from, say, Kingston to Cornwall, to repel an invasion strike from La Belle Province. Personally, I am puffing a bit of ice off my windshield. I have to lie down for five minutes after carrying out the garbage.

Can any of you guys of my vintage imagine being sent out on a night patrol, probably on skis, to take a few prisoners? What we'd probably have to do is dump the skis, hail a cab, head for a bilingual bar across the border, and bring back a couple of go-go girls. Might be fun at that, if they'd let us use some common sense, which of course, the military will never allow.

If the feds re-enlisted a brigade or two of old kriegies (prisoners of war) they'd have their hands full. First of all, the kriegies would steal, just out of habit, everything that was not nailed or bolted down. Secondly, kriegies are trained to escape and head west. Stick two brigades of them on the Quebec border and in a couple of weeks, after stealing a train or two, they'd wind up in Alberta.

Ancient naval persons might be better off in a civil war. They don't have to walk to work. They could charge up and down the Ottawa River, firing broadsides of bilingual propaganda into the streets of Hull.

Ex-airman wouldn't be of much use. Most of them are so portly they wouldn't be able to get through the escape hatch if their aircraft were hit. Perhaps they could be re-organized as a special low-flying force, equipped with snowmobiles, and sent out to harass the enemy by driving all over his farmer's fields on the snow, thus ruining his crops for the next season.

Former paratroopers wouldn't be of much use, either. Most of them have grown so heavy that they'd plummet like bricks, and the screams of arthritic agony when they hit the ground would destroy any element of surprise.

Thinking it over, we must conclude that a civil war in Canada, using nothing but reservists, would certainly be comical, but not too dangerous. Most of the casualties would be in the Legion Halls, each night after the "fighting" was over.

And speaking of the Legion halls, a civil war would certainly add a little spice to this rather dreary dialogue that is the norm. Instead of monotonous mutterings about the last bingo game or the next shuffleboard tournament, you'd hear stuff like this:

"Ja hear what Quebec Cora said on the TV tonight?"

"Ya. She said the frogs captured a whole battalion of the Canadian Army today an there wuzzen a man in it below the rank of sergeant. Eight-five colonels, 150 majors and so on."

"Right. And 50 per cent of the officers was French-Canadian."

"It figures. But she's a good lookin broad, right?"

If it does come to civil war, you can include me out. And that goes for all my old friends, including a few Germans who fought on the other side in WW 11 and are now happy Canadians.

But that doesn't mean we wouldn't make our contribution, our sacrifices, if needs must.

My contribution would be to over-all strategy, which has always been my strong point. You should see me plotting to get someone else to mow my lawn, put on my storm windows, shovel my walk.

Hereby some suggestions. First, if the feds want a short swift victory. Muster every aircraft in the country, load them with ever scrap of paper in Ottawa, man them with civil servants under the command of Otto Land, and bomb. Not only the separatists, but the entire province of Quebec, would be obliterated for a generation.

An alternative to this would be to build a fence right around the province, constructed of all the red tape in Ottawa. It would take the Quebecois 10 years to cut their way out, and they'd have forgotten referendums and such.

If these methods of an easy solution are not dramatic enough for you, here's my final offer.

Muster all the politicians, lawyers and Women's Libers in the rest of Canada. Fly them to a remote section of Newfoundland. Muster all the politicians, lawyers and Anglophobes in Quebec. Fly them to the same place. No conventional weapons for either side.

Then let them beat each other to death with unveiled innuendoes, deliberate misinformation, absolute ambiguities, legal torts, trial balloons, and shrill cries of "French male chauvinist pigs," and "Maudites Anglais abortionistes."

It would be lovely and peaceful in the rest of the country. And the bleeding, battered winners could have Newfy, where the locals would hunt them down for sport, as they did the Beothuk Indians.

HALIBURTON SCHOOL OF FINE ARTS WINTER CLASSES
